

## Butt Lite Grand Tour – Outside the U.S.A.

If you are a rider outside the continental U.S., or if you are a U.S. rider riding outside the continental U.S., you may collect bonuses from the following categories. We don't know what's out there in these categories, if anything. If you are a non-U.S. rider who gets the chance to ride in the U.S. in 2021, you are welcome to also collect bonuses from the Butt Lite rally books. If somehow you get the opportunity to ride in and outside the U.S. in 2021, you can collect any bonuses from either source.

What we're looking for is a monument, a marker, a sign, or something identifying the location.

You can collect as many bonuses as you can find from any of these categories.

1. Mormons: any site related to or associated with the Church of Latter-Day Saints or any of its variations.
2. Massacres: TeamStrange loves a good massacre. Any site related to a massacre.
3. Stonehenge: we also love Stonehenge. We will accept Stonehenge or a copy of Stonehenge or any standing stones, dolmens etc where there are two or more standing stones (no singles).
4. Geographic marker: any marker or monument that is of geographic interest – such as degree markers, longitude markers, meridians, high points, low points.
5. Explorers: do you have monuments to explorers outside the U.S.? We have people like Lewis & Clark, Hugh Glass (the guy who got mauled by the bear in *The Revenant*), John Wesley Powell, who explored and mapped territory previously unknown (unknown by the people who stole it from the Native Americans, that is).
6. Transportation disasters: train wrecks, airplane crashes etc.
